The grant under reference is one of those generally sanctioned in the Revenue (Financial) Dept. Correspondence. The only question that was dealt with in the L.B.C. was in connection with the final adjustment of the several advances or loans sanctioned by Govt from time to time and shewn in the account Books as outstandings against the Bangalore City Municipality as per the Standing orders. As such, the actual expenditure incurred out of such advances (Rs 315000) was ascertained from the Comptroller's Demi officially & furnished in the notes then submitted. There was thus no occasion for me to anticipate subsequent requirements or to submit the question of further grants for the same orders of the Govt.

In Government Proceedings No.Fl.413-4/ R.F.18-1898, dated 12th August 1903, a sum of Rs 30,000 was sanctioned for payment of compensation for lands taken up for the Basavangudi and Malleswaram Extensions or the Bangalore City, of which only a sum of Rs 8.458-9-10 was expended.

In passing orders in regard to the adjustment of the several items of advances made for the improvement of the City and the Extensions aggregating Rs 3,15,000, the Government directed in their order No.4706-10, dated 4th June 1904, that no sums should hereafter be drawn from the balance remaining out of the said advance, in which the 30,000 Rupees above referred to was also included.

Paper under disposal

The President however brings to notice that there are several cases in which lands have been taken up but for which compensation has not yet been paid and that the Board is also threatened

with suits and applies for the renewal of the unexpended balance of ₹21,541-6-2.

The Comptroller who was consulted in the matter suggests an additional grant being sanctioned; a reappropriation not being practicable in view of the large additional expenditure of the year.

As the money is urgently required, I recommend that sanction may be accorded to the said amount being given as an additional grant.

Sir,

With reference to Government Proceedings No. 9 2 5 5 M1.(210-04)-10 dated 7th. April 1905 and No. 9 5 7 4 M1.(210-04) dated 13th. April 1905, insisting upon accurate information being furnished in regard to payment of compensation for lands acquired for the formation of the Basavangudi and Malleswaram Extensions, I have the honor to report that it is not possible to furnish more accurate information than given in the two statements submitted with my letter No. 387 dated 25th. March last.

2. I asked the Assistant Engineer, Sanitary Range, who took possession of the lands from September 1898 to February 1903 and utilised them for opening out new roads and lanes and marking out building sites, to furnish the information called for by Government but without success.

3. The information given in the statements is all accurate excepting in noting the extent to which the land was utilised and the money realised where such land was sold. In the latter case the information given is approximate.

4. The shape of land comprised in each survey number being mostly irregular , it is for obvious reasons impossible to calculate exactly the area utilised and sold for roads and the building sites which are rectangular in shape.

5. I respectfully beg of you to obtain early Government sanction to the grant of funds as requested in my letter No. 161 of the 6th. October 1904 to enable me to pay compensation for lands taken up long ago, pending further information if required being furnished hereafter.

Soliciting the favour of very early orders.

Ref. 210-05

Sir,

In reply to your letter No.Fl:3471 dated 21st-24 of the 25th Instant asking me to point out the source from which the sum of Rs.21,341-6-8, required to meet urgent demands on account of compensation for lands taken up for the Bangalore City Extensions, may be met, I have the honor to state that in view of the large additional expenditure, not provided for in the budget for the entertainment of distinguished guests, the purchase of Railway Engines and Wagons, the Forest scholarships, the Re-establishment of the Registrar of Co-operative Societies and many other items, it is not likely that the total of the Government expenditure of the year can be kept within the total budget grant

It is therefore best for Government to sanction additional grants for any new expenditure of the kind now under consideration.

I have the honor to be,

Sir,

Your most obedient servant,
